## WHITNEY GIVES OUT STATEMENT

**Tells Why He Did Not Bring Back Cook's Effects.**

**ENGINES NOT IN GOOD ORDER**

**Declares That Those of the Little Steamer Jeanie Were Not Working Satisfactorily—He Did Not Know That Explorer's Things Were of Such Importance as They Turned Out to Be.**

New York, Sept. 30.—The following dispatch was sent from Stephenville Crossing, N. F., by Harry Whitney, the New Haven hunter, who arrived at St. Johns, N. F., Tuesday by the schooner Jeanie on his way home:

"So many questions are being asked of me by different papers that I desire to make the following statement through the press. My reasons for not going back to Etah after Dr. Cook's things were that the engines of the Jeanie, one of the smallest boats that ever went to the Arctic, were not working satisfactorily and we were depending partly on sails, which later we had to do entirely. There was no reason why the Jeanie could not have gone back, but, not knowing that Dr. Cook's things left with me were of such importance as they have since turned out to be, I did not return. In addition, I had promised the Eskimos who were with me after musk oxen in Ellsmere Land, certain things which I expected on the ship coming for me, but they were not aboard the Jeanie and I did not want to return and disappoint the men. Another reason was that I wanted to prolong my hunting trip, which I was able to do by not going back, but by cutting across Smith sound for North Star bay and following the edge of the ice south.

"I do not believe that either Dr. Cook or Commander Peary, if placed in my position, would have done any differently than I did, nor would they, having started south for civilization, have turned back. I had never seen Dr. Cook until I met him in the Arctic. He told me he had been to the North pole and I was pledged not to reveal this fact to Commander Peary, but I could say that he had gone further north than Peary in 1906.

"Commander Peary to my knowledge knew absolutely nothing about what had been left with me by Dr. Cook, except that I mentioned instruments, clothes and furs and also a narwhal horn. Dr. Cook's belongings left in my charge were placed in boxes which were nailed up. Then I saw the Eskimos cover them with rocks.

"No one could have been kinder to me or shown me more consideration than Commander Peary did while I was on the Roosevelt, and he said he would be very glad to have me remain aboard and return with him, instead of joining the Jeanie."

**BANQUET IS CALLED OFF**

**Explorers' Club Will Not Dine Dr. Cook.**

New York, Sept. 30.—The Explorers' club, of which Commander Robert E. Peary is president and Dr. Frederick A. Cook a former president, has cancelled the banquet that was to have been given Dr. Cook tonight. At a meeting of the board of directors resolutions were adopted directing the acting president to appoint a committee to investigate the charge that Dr. Cook did not reach the summit of Mount McKinley, as he claims.

While the action of the Explorers' club was a surprise to most of those who have been following the trend of events in the Cook-Peary controversy, it appears that Dr. Cook anticipated the action. Several days ago he sent for Edward Burrill, the guide who is said to have accompanied him to the top of Mount McKinley. Burrill will arrive here Saturday.

**MAY TAKE PART IN PAGEANT**

**Peary Likely to Participate in Hudson-Fulton Celebration.**

Portland, Me., Sept. 30.—Commander Robert E. Peary is resting in Portland and if his Arctic ship Roosevelt reaches New York today he will leave for that city to take part in the Hudson-Fulton naval pageant Friday. The explorer arrived here from Bar Harbor, where he had been in consultation with General Hubbard, president of the Peary Arctic club, on the proofs which will be made public later in an

attempt to show that Dr. Cook was not at the pole.

"I will not talk about the Cook controversy until after my statement has been issued," said Peary. "General Hubbard will make public the statement. He will soon confer in New York with officers of the club."

**Americans Win Race.**

New York, Sept. 30.—International aquatic honors were captured by Germany and America in the pulling races for the crews of the warships now at anchor in the Hudson. The crew of the Minnesota won the big international race.

**COLORADO BANK IS ROBBED**

**Two Men Get Ten Thousand Dollars and Escape.**

Glenwood Springs, Colo., Sept. 30.—Two men entered the Citizens' National bank here and after holding up two clerks, robbed the safe and escaped on horseback with \$10,000.

Selecting a time when Vice President E. E. Drach and other officials were absent, the men entered as if they were customers. While one man covered the clerks the other leisurely robbed the safe and cash drawer.

**CONFERENCE AT WAR DEPARTMENT**

**Conduct of General Grant Informally Discussed.**

Washington, Sept. 30.—General Frederick D. Grant, commanding the department of the lakes, and Secretary of War Dickinson discussed informally at the war department the criticism which has been directed at the former because he appeared in the uniform of his rank at the head of a so-called temperance parade in Chicago last Saturday.

Just what passed between the two men was not disclosed. Mr. Dickinson said that he had mentioned the subject to General Grant when he called at the department en route to Chicago from the Hudson-Fulton celebration in New York. In the absence of the letter which W. R. Michaelis of the executive board of the United Societies for Local Self-Government has mailed to the secretary criticising General Grant, the matter could not be treated officially, and it is believed the secretary's reference was jocular.

Earlier in the day General Grant had justified his action in appearing in the parade on the ground that it was a demonstration in favor of good government and was not a temperance parade.

Inasmuch as no orders were issued to General Grant to march in the parade, Secretary Dickinson holds the opinion that the former's presence therein cannot be regarded as an official action or as giving the government's stamp of approval to the object of the demonstration.

While General Grant is a total abstainer, he is an ardent advocate of the canteen at army posts. He set forth officially his attitude toward the liquor question in his annual report to the department in 1903 when he was in command of the department of Texas, as follows:

"In every age the spirit of true soldiery has engendered true comradeship and in no realm of society, in no walk of life, has the radical reformer succeeded in changing the natural disposition of man to the extent of eliminating this sentiment. While passions may be held in bound, nature cannot be wholly reversed or changed by stringent laws and rules, and the sooner rules are made looking to moderation instead of abstinence, the better will be the moral and the higher the standard of individual deportment in the United States army. To this end, no argument can be too earnest for the re-establishment of the canteen."

**Supreme Test For Shoes.**

"Will you guarantee," said the youth who was beginning to stay out late occasionally, "that these shoes won't squeak?"

"I can't guarantee it," replied the salesman reassuringly, "but I'm sure they won't."

"Well, I want to put 'em to the supreme test. Have you got a stairway handy?"

"Why, I hardly understand."

"Well, if they don't squeak when I try to creep noiselessly upstairs they never will."—Exchange.

## TAFT REACHES PACIFIC COAST

**Arrives in Seattle After Two Weeks of Traveling.**

**GREETED BY BIG CROWDS**

Streets of the Puget Sound City Lined With Cheering Throngs—President Attends Reception Given in His Honor by Mrs. R. A. Ballinger—Delivers an Address at North Yakima. Appeals Attract His Attention.

Seattle, Wash., Sept. 30.—President Taft reached Seattle just two weeks after his start from Boston.

The presidential party was met at the union station here by a reception committee of twenty-four members. The streets were lined by cheering throngs.

The visitors and the reception committee entered automobiles and preceded by a troop of mounted police, drove to the Ranier club, half a mile distant, where a reception in honor of the president was given by Mrs. Richard A. Ballinger, wife of the secretary of the interior.

After half an hour at the club the president and his escort went to the Hotel Washington, which will be the home of the visitors until their departure for Tacoma Friday. The president was permitted to retire early after greeting the Yale club which was holding a dinner and reception at the hotel.

The visit to the Alaska-Yukon-Pacific exposition will begin today and Mr. Taft first will tour the grounds. After luncheon he will make an address in the natural amphitheater. The president also will speak at a banquet at the exposition grounds during the evening.

**Talked at North Yakima.**

The president, on his way to Seattle, passed through another section which displayed its marvels in the way of fruit raising. At North Yakima, where he passed the entire forenoon and made an address, he saw one of the oldest irrigated fruit districts in the Far West. The great yield of apples especially attracted his attention.

"I am supposed to have inherited a taste for apples from an uncle of mine who is reported to have said that he would not put his mouth out of pucker for less than a peek," said the president. He said apples remind him a good deal of human nature. Some are beautiful but are tasteless and mealy, while others not pretentious to look at are found to have the solid meat, juice and taste that go to make real character.

The president met an old Cincinnati sweetheart at North Yakima. She is Mrs. Betty Hodges, formerly Miss Betty Evans, and Mr. Taft was best man at her wedding. The president told of the meeting in the course of his speech.

In his Yakima address the president paid a tribute to Senator Wesley L. Jones of Washington state, who joined the party at Spokane. Governor Hay of Washington, in introducing the president, declared that it was through him that the Pacific coast had recognition in the national Republican administration and for vice president in 1912 the governor placed in nomination Wesley Jones.

**TWO KILLED IN ACCIDENT**

**Publisher and Garage Proprietor Meet Death Near Mineola, L. I.**

New York, Sept. 30.—Parker Norton, owner of the Mineola Press, and Edward Baker, proprietor of Mineola garage, were instantly killed in an automobile accident near Mineola, L. I.

The two men were returning to the village with the balloon of Leo Stevens, the aeronaut, which had just descended from a long flight across New York city and Long Island.

With the deflated balloon packed in the bottom of the car, William Watson was driving the car at a moderate rate of speed along a heavily shaded stretch of road when suddenly he saw a heavy farmer's wagon loaded with garden truck ahead of him. To avoid collision he turned quickly to the right. His machine struck a deep rut and then swerved into a telegraph pole.

Watson was thrown head foremost over his steering wheel and landed almost uninjured in a sand bank. Both his companions, however, were thrown heavily against the telegraph pole. Their skulls were fractured and both must have died instantly.

**Were Suits all of one Style**

**Then our large assortment would not be**

There are many pretty styles of suits this year, and our assortment represents the very best there are.

The seven eights fitting is the most popular style and we show it in many different cloths, colorings and models.

Our prices on our suits range from \$19.00 to \$50.00, with the greater number selling at about \$30.00. This price makes it to your advantage to investigate and see whether you will not purchase a suit instead of a coat.

*H. H. Michael Co.*

**WILL GO UNDER THE KNIFE**

**Assistant Secretary of State to Be Operated On.**

Washington, Sept. 30.—Huntington Wilson, assistant secretary of state, will be operated on at Johns Hopkins hospital, Baltimore, soon. Mr. Wilson's physician stated that he has al-

**SUCCESS OF THE SPANISH ARMS**

**Celebrated With Great Enthusiasm in Madrid.**

Madrid, Sept. 30.—Madrid is flagged and illuminated in celebration of the success of the Spanish arms in Africa, which were crowned by the occupation of Mount Guruga, the Moorish stronghold. Crowds filled the Puerta del Sol and the surrounding streets acclaiming the news which makes a glorious ending of the war and the early return of the troops.

General Marina's skillfully planned operations are the subject of much praise. After the reverse of July 27 and the subsequent losses suffered, General Marina decided that it would be a useless waste of life to proceed on a small scale in the operations, and that the Moors, who have been making raids from the rocky fastnesses of Mount Guruga, must be dislodged or outflanked. Accordingly he withdrew his advanced posts and waited until he had concentrated 60,000 men and 68 cannon, which were divided into two columns on Sept. 20. One column was sent north to Cape Tres Forcas, to prevent the possibility of a rear attack and the other was sent southward. Both operations were successful and after Nador and Zeluan were taken the Moors evidently found themselves outflanked and evacuated the territory, for no resistance was

encountered when the Spanish forces scaled the sides of the mountain and planted the flag on its summit.

What has become of the main body of the Moors is not clear from the official dispatches published here. Unofficial reports intimate that while General Marina accompanied the column to the south, the Moors doubled back west of Mount Guruga and joined in a surprise attack upon General Sotomayo. Official circles, however, seem convinced that the Moors are thoroughly discouraged and the successful windup of the campaign is expected to arouse a wave of patriotic enthusiasm which will greatly strengthen the Maura government, whose enemies counted upon a protracted struggle, with perhaps serious reverses and possibly complete failure.

Abroad the victories are expected to enhance Spanish prestige greatly and the policy of non-interference to which the powers subscribed will give the Spanish government an opportunity to reap the full benefit of the country's military success.

**Japs at Grand Rapids.**

Grand Rapids, Mich., Sept. 30.—The Japanese commercial commissioners who are making a tour of the United States were tendered a banquet by the city of Grand Rapids. United States Senator William Alden Smith of Grand Rapids was toastmaster.

**Deed of Insane Man.**

Cameron, Tex., Sept. 30.—At Burlington, near here, Wiley Murphy, driven insane by typhoid fever, shot and killed his sister-in-law, wounded his brother and then shot himself, dying almost instantly. He used a shotgun.

For a good investment BUY a lot at Deerwood, Minn. For sale by J. H. Kreckelberg, 202 Citizens Bank Bldg. Phone 210. 13-tf

Thomas H. Beare, of the Ransford hotel, has one of the best gardens in Crow Wing county and raised 136 bushels of tomatoes on a half acre of ground. He has some of the finest cabbage raised in this vicinity and will have about 1200 bushels of potatoes to put in the root house which he has built to store his winter vegetables for the hotel.

If you are particular as to what kind of a gun you shoot with, rent yours of D. M. Clark & Co. 77-tf

J. A. White, of Olin, Iowa, was in the city between trains today on his way home from a trip to look at land he owns in the town of Little Pine. He says that the country there is slowly filling up and that when the Soo and the Cross Lake railroads are completed, the country will be improved rapidly. Mr. White states that there are several drills working up in that section.

A dandy new assortment of rich American Cut Glass, in the latest patterns and moulds, and at prices that will astonish you—at D. M. Clark & Co's. 77-tf

The Minnesota & International railroad is having a serious time filling a bridge near Tenstrike. It seems to be crossing an apparently bottomless pit and the train crews are hourly expecting a wireless from China telling them to stop that pushing. The entire output of a big steam shovel has been dumped in there for a week or more and at last accounts there was yet no earth in sight in the hole.

A look at our splendid new fall line of rugs will prove our statement that we exercised excellent judgment in selecting them. D. M. Clark & Co. 77-tf

The funeral of the late Andrew E. Veon will be held from Losey & Dean's undertaking parlors Friday afternoon. Notice has been sent out to all members of Aurora Lodge, A. F. & A. M., to meet at the lodge room

at 2 o'clock to attend the funeral. All old soldiers are also asked to meet at their hall in the Odd Fellow block at the same hour to attend the funeral of Mr. Veon, who is a veteran of the Civil war.

If anyone should find the flag that Dr. Cook planted at the north pole, they would also find a bottle of Skauge's Never-Cough, for that is the only medicine that would clear the lungs from cold. Skauge makes it, sells it and guarantees it for consumption, coughs and catarrh. 98tf

### A Hurry Up Call

Quick! Mr. Druggist—Quick!—A box of Bucklen's Arnica Salve—Here is a quarter—For the love of Moses, hurry!—Baby's burned himself, terribly—Johnnie cut his foot with the axe—Mamie's scalded—Pa can't walk from piles—Billie has boils—and my corns ache. She got it and cured all the family. Its the greatest healer on earth. Sold by H. P. Dunn, Druggist. tts-w

### Do You Want a Modern Home?

I will erect a modern residence adjoining my own on Holly street and sell same for small payment down and the balance in monthly payments. Geo. A. McKinley 96-6

### We Are Tough Creatures.

After all, civilized life is full of perils. Nobody could stand it but civilized people, who are the toughest creatures on the face of earth. Savages die of sleeping indoors, die of rum, of the measles, smallpox and various epidemics that civilized people merely take in their stride. Civilized people can stand anything. The English variety can stand tubs and unlimited exercise, the German sort an unwholesome deal of voluntary attention. We Americans—oh, we shall learn to digest or endure whatever excesses of food, drink, work, abstinence, legislation, attention or inattention are proper to our stripe of civilization and thrive on them in the end.—Harper's Weekly.

### DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation be taken out of the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c.

Take Hall's Family Pills for constipation.

### MAY GO BACK TO THE TOMBS

Banker Morse May Have to Stay in Prison Two Days.

New York, Sept. 30.—Unless some legal loophole is discovered, Charles W. Morse, the convicted financier, will have to go back to the Tombs owing to a lapse of two days between the expiration on Oct. 9 of his bail bond of \$125,000 and the calling of his case before the United States circuit court of appeals on Oct. 11.

Only the United States court of appeals could grant extension bail and that court does not meet until Oct. 11.

It became known that Morse had regained control of the Hudson Navigation company and had been elected president. It is expected that he will resume active charge of the Metropolitan Steamship company after the foreclosure sale on Oct. 8, thus fulfilling predictions that he would recoup his shattered fortune to some extent.

### Jumps Into Niagara.

Niagara Falls, N. Y., Sept. 30.—An unknown man about thirty-five years old jumped from the upper steel arch bridge into the Niagara and was drowned. The body appeared on the surface and then disappeared.

RUGS—Just received my fall stock of rugs, lace curtains and portiers. I sell on easy terms. W. S. ORNE tf

If your sewing machine needs cleaning or repairing, see Orne about it. 98tf

### An Awkward Mistake.

When Lord Dalhousie was commander in chief of the British Indian forces he visited the king of Oude at Lucknow and made a point of presenting Lady Dalhousie. The king of Oude, glittering with diamonds, sat in his gold chair and narrowly watched Lady Dalhousie advance across the marble floor of the great hall. He did not understand Lord Dalhousie's presentation. He thought Lord Dalhousie wanted to sell this withered woman to him. And, shaking his head, twisting his black mustache and smiling scornfully, he said as the countess courtesied low before his throne: "Take her away. Take her away. She won't do at all."

### A Heart Breaking Job.

"What's making Swubbs look so wretchedly careworn the last few weeks?"

"Oh, he won a dollar prize in a joke contest three months since, and he's trying to incubate another side splitter."—Lippincott's.

Buy a home or pay up that Mortgage in easy monthly payments. We loan money on the building and loan plan. C. A. Knippenberg, 5 Wise Bldg. 93 1m

Needles, Shuttles and Bobbins for use in All Makes of Sewing Machines.

**Slipp - Gruenhagen Co.**  
217-219 Seventh St. South.

### ABSENTMINDED.

The Dinner to Which Wills, the Artist, Invited a Friend.

Mr. Wills, the artist, was renowned for his absentmindedness, and the following story, says Henrietta Cockran in her book, "Celebrities and I," was told of him by a friend: "Wills invited me to dinner one afternoon when I met him in the Strand. I accepted, reminding him that as he was absent-minded he had better make a note of the evening. As he had no paper in his pocket, he wrote the date on his shirt cuff.

"When the appointed evening arrived I went to his studio. The door was opened by Wills, and I could see that he had forgotten all about the appointment.

"Ah, old fellow," he exclaimed, 'do not be too hard on me. The cuff went to the wash and the date with it. But there is a fowl in the pot boiling here,' continued Mr. Wills. 'Just come in and wait a few minutes.'

"I had my misgivings, but walked inside and sat upon the only chair not crowded with paint brushes and palettes.

"After waiting for about twenty minutes, feeling deucedly hungry, I groaned. This had its effect.

"He exclaimed in a dreamy voice, 'The fowl must be boiled by this time, and, coming forward, he lifted the lid of the pot and peered inside. 'It is very odd,' he remarked, 'but I cannot see the fowl. Extraordinary! No one has been here, so the bird cannot have been stolen.'

"Well, the long and short of it is that a week or two later I called again at the studio, noticed a peculiar odor and discovered the fowl wrapped up in a piece of paper.

"Ah!" said Wills. 'Now I know how it all happened. When the fowl was brought in there came a smart visitor—Lady G.—about sitting for her portrait. I must have thrown the fowl behind a canvas and forgotten about it.'"

### The New Improved Standard Champion Washing Machine

Is unequaled as an article which successfully robs wash day of its horrors

**Free Trial**

ONLY PERFECT WASHING MACHINE and the greatest saver of household labor ever invented

Wash Cleaner, Quicker, with more ease, and less injury to the clothes than any machine in use

Why Women's Minds Are Cleaner.  
"Of course women should vote," he said. "Women deserve the suffrage as much as men—more, because their minds are purer and cleaner."  
"Cleaner?" cried the sweet young thing he had taken in to dinner. "Of course they are, ever and ever so much cleaner! But how do you know that?"  
"Because they change them so much oftener," said he solemnly.—Exchange.

## One Pill

It is impossible to be well, simply impossible, if the bowels are constipated. Waste products, poisonous substances, must be removed from the body at least once each day, or there will be trouble. The dose of Ayer's Pills is small, only one pill at bedtime. All vegetable.

Ask your doctor about Ayer's Pills, gently laxative, all vegetable. He knows why they act directly on the liver. J. C. Ayer & Co., Lowell, Mass.

"Howdy Ruth! Howdy Tom! How ARE YOU ALL?"

IRON DRILLS STARTED  
IN GARRISON

Drill Taken from Deerwood to the  
Farm of J. F. Dykeman in  
that Town

IRON LAND BECOMES ACTIVE  
Many Options are Being taken by  
Local Parties and Others on  
Mineral Lands

Things are becoming more and more active in iron land circles around Brainerd. A drill was taken from Deerwood to the town of Garrison and will put down holes on the homestead of James Dykeman, in that town. The drill belongs to Cuyler Adams and his associates, who are reported to have made a lease on an advance royalty basis with Mr. Dykeman.

It is also reported in this city that a drill is to be started between Jordan lake and Mille Lacs, but whether or not this is the same drill referred to above or is a second one, has not been ascertained.

There have been several good sales made by option in this vicinity. Albert Kamrath, it is reported, sold 1/2 interest in his farm on east Oak street to local parties. Rumor has it that he gets \$1,000 for the privilege of drilling, and a good price for interest in the land if mineral is found.

F. H. Gruenhagen and E. P. Slipp have also sold an option on a one-third interest in their quarter section in Crow Wing township.

Mrs. E. B. McCullough has sold her twenty-acre tract in the eastern part of the city on Oak street for 200 per acre to A. D. Polk, it is stated. Rumor has it also that Dr. Groves has refused \$15,000 for 50 acres in the eastern part of the city.

The line of attraction running through the town of Crow Wing has been found, it is said, west of the Mississippi river and \$75 per acre is being offered for lands in the hills on that side of the stream.

The Hildebrandt estate, which was the farm south of the city, has been offered a good price for a forty, but wants to sell the rest of the tract and the iron men do not want that at any price, it is said.

**Notice**

The McKibben Hat—A Crown of a \$3 hat.

FOOT BALL DOPE

Duluth Central High School is Scared  
Nearly to Death at Prospect of  
Brainerd Team

The football dope fiend of the Duluth Herald is handing it out in large chunks regarding the game of Saturday next. In Tuesday evenings paper he says:

"It is the Brainerd game that is causing Coach Colton of the high school football team much worry these days.

"The boys are all working hard, and never in the history of the school has there been such a surplus of candidates. There are a number of men for each position and as each man is about as green as the other, it is hard to settle on any one man for any particular position.

"The best thing about the candidates this year is their willingness to learn. The spirit in which they go into their work and the persistent manner in which they turn out night after night is great.

"During the present week the candidates will be pushed harder than at any time during the year. There is so much to teach green men about the game, and there is such a short time in which to accomplish the work, that Mr. Colton is loud in his praises of how the boys take hold, however, and thinks that by the time the whistle blows Saturday afternoon, the team will be in good fighting shape.

"Coming as it does at the very beginning of the season, when the locals have played but one practice game, the students consider it the hardest game of the year. It is a case of veterans against a green team.

"Meanwhile the boys are working out in great shape at Athletic park. The dummy is being tackled overtime; new plays are being taught; the signal system is being improved; the interference is being strengthened, and the backs are being taught to get away in faster time.

"Brainerd is coming to clean up the locals. They wanted to do it last year, but the local team's schedule was full. This year their team is composed of the same men as last year's championship eleven, and they are confident of winning the game.

"The students at the big brown building are making great preparations for rooting at the game. A number of rigs will be engaged to haul the rooters and they expect to make themselves heard. New yells are being practiced and new gridiron songs are being composed.

"Friday there will be a big rooters' meeting in the assembly room of the school and the new songs and yells will be rehearsed."

Night on Bald Mountain

On a lonely night Alex. Benton, of Fort Edward, N. Y., climbed Bald Mountain to the home of a neighbor, tortured by asthma, bent on curing him with Dr. King's New Discovery, that had cured himself of asthma. This wonderful medicine soon relieved and quickly cured his neighbor. Later it cured his son's wife of a severe lung trouble. Millions believe its the greatest throat and lung cure on earth. Coughs, colds, croup, hemorrhages and sore lungs are surely cured by it. Best for hay fever, grip and whopping cough. 50c and \$1.00. Trial bottle free. Guaranteed by H. P. Dunn, Druggist. tts-w

The Road to Success

has many obstructions, but none so desperate as poor health. Success today demands health, but Electric Bitters is the greatest health builder the world has ever known. It compels perfect action of the stomach, liver, kidneys, bowels, purifies and enriches the blood and tones and invigorates the whole system. Vigorous body and keen brain follow their use. You can't afford to slight Electric Bitters if weak, run-down or sickly. Only 50c. Guaranteed by H. P. Dunn, Druggist. tts-w

Open Thursday Evenings

The Dispatch office is open every Thursday evening, and parties finding it inconvenient to call during the day time on business, can always be sure to find someone in the office on that evening. dw-tf

Wilson-Hoffbauer

Miss Sophia Hoffbauer and Hilmer A. Wilson, a machinist employed in the Northern Pacific shops in this city, were united in marriage at the home of the bride's mother, Mrs. Bertha Bruce, 611 South Sixth street, at 10:30 o'clock this forenoon. The house was beautifully decorated with autumn leaves, sweet peas and carnations. The impressive ring service was used, the ceremony being performed by Rev. J. A. Caskey, pastor of the First Congregational church. The bride was gowned in cream colored silk mull, trimmed with lace, and the groom wore conventional black.

The happy couple left on the afternoon train for a ten days stay in Minneapolis, after which they will be at home in Brainerd. Both parties have a large circle of friends in Brainerd, who will extend heartiest congratulations.

Go With a Rush

The demand for that wonderful Stomach, Liver and Kidney cure, Dr. King's New Life Pills—is astonishing—H. P. Dunn says he never saw the like. Its because they never fail to cure sour stomach, constipation, indigestion, biliousness, jaundice, sick headache, chills and malaria. Only 25c. tts-w

NAMING SOO TOWNS

Townsites Along Soo's Thief River  
Falls Branch are Receiving  
Their Cognomens

The townsites and stations to be located on the new railroads building in the county are being decided upon and one of the principal new sites is at the junction of the Soo and the Cuyuna Iron Range roads. This has just been surveyed and will be known as Lawler. South of McGregor will be a station called Eastlake and south of Kimberly will be a station called Westlake. These are northeast and northwest of Rice lake, from which they receive their names. Rossburg will have a station and Aitkin will be the principal city on the Iron Range road, which will have stations west of us at the junction and at the new town of Cuyuna and such other mining locations as may be developed.

The station at Moose Rapids, where the Mississippi is crossed by the Soo, will be an important site and there is now being surveyed a town which will be known as Palisade. Chas. Morgan has already opened a store there.—Aitkin Age.

Does This Suit You?

M. K. Swarz, the enterprising druggist of Brainerd, is having such a large run on "HINDIPO," the new Kidney Cure and Nerve Tonic, and hears it so highly praised that he now offers to guarantee it in every case to cure all forms of Kidney Troubles and Nervous disorders.

He pays for it if it does not give you entire satisfaction.  
If you use it, it is at his risk, not yours. A 50-cent box sent by mail under positive guarantee.

F. W. Bierman Dead

The Aitkin Age says:—"F. W. Bierman, whose home was in Rabbit Lake township, died last Thursday at 7:30 p. m., from pneumonia. Last week he spent four days in town, stopping at the City restaurant, where he was attended by Dr. Belshelm, but went to his home on Sunday a very sick man. He was born in Germany, 58 years ago, and leaves a wife and seven children, Mrs. James Casey, of Chicago; Mrs. John Tonius, Misses Olga, Martha and Edna, Fred Bierman, of Tacoma, Wash., and William."

GENUINE ECZEMA REMEDY

New Remedy That Cures Eczema Quickly

H. P. Dunn has sold hundreds of jars of Hokara in the last few weeks, and although he offered to refund the purchase price to any dissatisfied purchaser, not one jar was returned.

While this is surprising in itself, yet the most marvelous thing is the reports of chronic cases of eczema that have been cured by this simple skin food. People who have suffered with scales, sores and even bleeding itching have found relief in Hokara.

No matter where the eczema, pimples or other breaking out occurs, whether on the face, hands, legs or body, the application of Hokara will give quick relief, and even the worst or most chronic cases will be cured in a short time.

You can buy a liberal-sized jar at a very low price, 25c, and with every package goes a guarantee to refund the money if it is not satisfactory. Larger size 50c.

If the skin trouble is caused by impure or heated blood and the bowels are in need of medicine, use Hokara Blood tablets—50c a package Sold on guarantee.

DEERWOOD NEWS

Deerwood, Minn., Sept. 29—Julius Brandt returned home today from his eastern trip. He and E. T. Buxton and son drove the latter's automobile through to Buffalo, N. Y., and spent about a week there driving to points of interest. The machine was left in the factory for a thorough overhauling and the party returned by train, Mr. Buxton and his son going directly to Duluth.

Andy Wesley, of Brainerd, was visiting in Deerwood Monday.

Reynard Olson went to Duluth this week on a business trip.

R. J. Whiteside, of Duluth, was in Deerwood on business Tuesday.

A. C. Dennis went to Aitkin this afternoon to attend the concert.

Mrs. R. T. Pakenham was at Brainerd between trains this afternoon.

Claus Theorin was over Saturday afternoon serving some legal papers.

John Bye was over from Brainerd Sunday and Monday visiting friends.

H. Jarchow was in Deerwood Monday looking over the iron mining field.

F. H. Gruenhagen was here from Brainerd on business Tuesday forenoon.

Joe Rutger has a crew of men at work extending the telephone lines to Crosby.

Misses Minnie and Emma Hohensee, of Brainerd, were Deerwood visitors Saturday.

Miss Nora O'Gorman, of Duluth, came up yesterday to visit her sister, Mrs. Wm. Guith.

Miss Kate Barker returned to McGregor Sunday, after having spent a week in Deerwood.

Mrs. Robert Archibald went to Duluth today and will visit relatives and friends for a few days.

Mrs. John Lindblom went to Chicago Friday for a two weeks visit with relatives and friends.

Dr. G. M. Sewell and family left for North Dakota Monday and will make their future home in that state.

For dark fall nights you will need a good lantern. You can get one at H. J. Hage's.

C. C. Frost, of Cedar Rapids, Ia., was in Deerwood Tuesday looking over our burg and the surrounding country.

R. B. Coffin has returned from a four weeks visit to Seattle, where he took in the Alaska-Yukon-Pacific exposition and visited a sister.

The Cuyuna State bank is still waiting for its new safe, but hopes to receive it so as to open next Monday. The building is now all ready.

Miss Gertrude Daniels and Mrs. W. A. Coffin, of Brainerd, were guests of Mr. and Mrs. R. B. Coffin for a couple of days the first of the week.

The telephone company expects to move the exchange within a very few days and will have things fixed up in good shape when the work is completed.

Tonight is the sixtieth anniversary of the birth of Mrs. C. J. Oberg and a number of the young people drove out and surprised her. A pleasant time was enjoyed.

The excavation is about completed for the Olive Mercantile Company's new store and hotel building and it is expected that the mason work will be started Monday next.

Mrs. O. C. Coffin and Mrs. Adele Wasserzieher returned Sunday morning from their visit to Ft. Madison, Iowa. They were gone about two weeks and report a very pleasant time.

J. M. Smith, of the Getty-Smith Co., of Duluth, which has the sale of the lots at Crosby, has opened an office in the Rathvon hotel. He reports a good sale of lots in the new town.

J. F. Vaughn and his crew of men came from Brainerd today and will commence work tomorrow on the curbs and walks in Crosby. They brought tents along and will camp on the ground.

Peter Larson, who recently returned from Denmark with his family, has purchased lots 8 and 9, block 2, Archibald's addition to the town of Deerwood, and will erect a residence thereon at once.

The State Bank of Deerwood is prospering these days. Its total balance September 28th was \$103,745.73, and it had an increase of \$22,210.00 since the call for a statement September 1st.

Dr. and Mrs. Werner Hainsread and Dr. and Mrs. R. A. Biese were in Deerwood Sunday. It is reported that the gentlemen have each purchased a double corner lot in the new town of Crosby.

M. L. Corey, of Argus, Ind., secretary of the National Retail Hardware Dealers Association, and Harry Allerman, of the same place, who have been stopping at the Adams for some time, left for their home today.

Oberg Bros. purchased four more lots in Deerwood this week, two are

## A Bold Step.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. R. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broadcast and openly to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated medicines. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merits, and made them remedies of known composition.

By this bold step Dr. Pierce has shown that he is not afraid to subject them to the closest scrutiny.

Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, bilious or biliousness and all catarrhal diseases wherever located, have printed upon it, in plain English, a full and complete list of all the ingredients entering into its composition, but also a list of all the ingredients of the various standard medical works, of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing in the strongest possible terms, each and every ingredient contained in Dr. Pierce's medicines. One of these little booklets will be mailed free to any one sending address on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same. From this little booklet it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents, and that they are made from native medicinal roots of great value; also that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak, nervous, over-worked, "run-down," nervous and debilitated women, were employed, long years ago, by the Indians for similar ailments affecting their squaws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription was known to the Indians as "Saw-Wood." Our knowledge of the uses of not a few of our most valuable native medicinal plants was gained from the Indians.

As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the woman's functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming the painful period, toning up the nerves and bringing about a perfect state of health. Sold by all dealers in medicines.

## MAKES SUCCESSFUL FLIGHT

Wilbur Wright Circles the Statue of Liberty.

New York, Sept. 30.—Wilbur Wright circled the Statue of Liberty at the entrance of New York harbor in his aeroplane, but in the upper part of the city two huge dirigible balloons failed ignominiously in their task. This, the first day of flight of the Hudson-Fulton celebration, was a victory for the heavier than air machine.

Both Wright and Glenn H. Curtiss soared successfully from Governor's island in their motor propelled bi-planes; both dirigibles, one manned by Captain Thomas Baldwin, the other by George L. Tomlinson, and both entered in the New York World's \$10,000 New York to Albany race, were forced to descend because of mechanical difficulties before they were well under way.

Wilbur Wright made three sensational flights and Curtiss made one successful test spin of thirty seconds' duration.

Baldwin, with his dirigible, landed in the Hudson river less than an hour after the start, while Tomlinson, after remaining in the air about two hours, came to earth near White Plains, N. Y., twenty-two miles from his starting point. Neither of the dirigible pilots was injured, nor was either craft seriously damaged.

Curtiss was the first to leave the earth and at a time when dawn had hardly broken. He made only a brief flight.

Two hours later Wright made his first ascent, encircling Governor's island and remaining in the air for seven minutes. After an hour's rest, Wright again went aloft, this time remaining in the air for 6 minutes and 30 seconds, attaining a speed estimated at fifty miles an hour and with a glorious sweep out over the bay, passing entirely around the great emblem of liberty on Bedloe's island to the northwest.

Wright made a third flight before a crowd of 2,000 persons. He did not attempt to fly over the water nor did he go to any great height, but executed two complete circles in the air, then made an excellent landing.

## Why Patrick Henry Said It.

An Indian boy at Hampton wrote the following in a composition on Patrick Henry: "Patrick Henry was not a very bright boy. He had blue eyes and light hair. He got married and then said, 'Give me liberty or give me death!'"

## System Was Poisoned

By constipation and deranged kidneys. Cured by DR. A. W. CHASE'S KIDNEY AND LIVER PILLS

Headaches, backaches, aching limbs, indigestion, biliousness, kidney derangements and the most serious diseases imaginable often have their beginning with constipation.

There is one treatment which has a direct and combined action on the bowels, the liver and the kidneys and gets these organs into good working order in remarkably quick time, and that is Dr. A. W. Chase's Kidney and Liver Pills.

Mrs. Mary E. Burger, 18 Van Buren Street, Kingston, N. Y., writes: "I was troubled with kidney disease and constipation. The bowel trouble had lasted for three years, and no doubt led to the derangement of the kidneys. My father had one of the old Receipt Books, and I decided to use Dr. A. W. Chase's Kidney and Liver Pills. It took two boxes of these pills to thoroughly regulate the kidneys and bowels."

One pill a dose, 25 cents a box, at all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

H. P. Dunn, Druggist.

# "I HAVE COME FROM THE POLE"

"Witnesses Will Prove It." Asserts Dr. Cook in His First Public Statement on His Arrival at New York. Will Meet Any Charges...

"I WILL await events," was Dr. Frederick A. Cook's first words to the reporters as he approached New York and the triumphal popular reception that awaited him there.

"When my material has been got together and put into shape it will be submitted in the first instance to the University of Copenhagen. After that it will be laid before the geographical societies of the world. I will not consent to submit any fragmentary portions of my observations or of my records to any one.

"The report and all the data connected with my trip must be examined in their entirety, together with my instruments, some of which I have in my possession now and others of which are on their way to America.

"I have given to the public a concise account of my journey similar to that always given by explorers on their return from a journey of exploration. For the present no other details are necessary, and, as a matter of fact, no further specific evidences of my claim have been called for from any side. It has never been customary hitherto for explorers to make their full records public in such haste. As a rule, scientific societies are not remarkable for their rapidity in coming to conclusions, and they are usually content to wait until complete data are compiled.

## Denmark's Recognition.

"Dagaard-Jensen, inspector of Danish North Greenland, after hearing Rasmussen and talking with Governor Kraul of Upernavik, who has seen and read the entire record, telegraphed to the Danish government in Copenhagen his assurance of the truth of my de-

His Records and Memoranda When Finished Will Be Sent First of All to Copenhagen University For Examination, Says Explorer.

obtaining a vessel to bring them this year. Every effort has been made to secure one, and if at all possible they will be in New York this year. That they will come is certain, and I intend to give them a year in America. They will be open to any kind of examination and will be ready to reply to any questions.

"Knud Rasmussen also will be requested to come over to New York as soon as he lands in Denmark."

Dr. Cook said all his thermometrical observations were in Fahrenheit and not centigrade, as printed.

## Delicate Data With Whitney.

"Have you your notes and data with you?" he was asked.

"Yes."

"Then what matter does Mr. Whitney hold?"

"Mr. Whitney has my instruments and some delicate data. Mr. Whitney is a noble gentleman and can be trusted to speak the truth."

When asked about the controversy over the discovery of the pole he said:

"I have deplored the whole controversy and feel that nothing should be said and will leave the public to judge. I feel that the Danish people, who have accepted me without question and have treated me so liberally, should be the first to receive the evidences of my work."

In addition, Dr. Cook gave out the following signed statement:

"I have come from the pole. I have brought my story and data with me. The public has already tangible and specific record of that trip. In a very short time the narrative with all the observations will be published and placed before the world for examination.

It is as easy for you as for me to understand why I cannot on the impulse of the moment read off a manuscript which contains the work of two years. As I

SNAPSHOT OF DR. COOK, HIS WIFE AND YOUNGEST CHILD, TAKEN WHEN HE REACHED NEW YORK.

larations and guaranteeing them as authentic. The Danish authorities in Greenland, who are in reality the advisers of the Danish government, have been for nearly four months in possession of all details of my trip.

"The Danish government and the University of Copenhagen as well as the Danish Geographical society have, on their report, taken over the virtual guarantee for the sincerity and authenticity of my records.

"They have stood up for them, so to speak, before the world. They do not ask me to furnish any further proofs or evidence of any kind, but in justice to Denmark it is my intention to place the first completed record of my polar journey at the disposal of the University of Copenhagen."

## Ready to Meet Any Charges.

Referring to Peary, Dr. Cook said: "I have as yet heard nothing but vague reports. I prefer for the present to believe that the statements which have been attributed to Peary are incorrect. I am fully prepared to meet any charges, but I must first see something definite. I am absolutely certain that none of the reports that have appeared in print emanates either from my Eskimos, Ahwelah and Etukishuk, or from Harry Whitney. Mr. Whitney has without any doubt kept his promise to me not to say anything about the expedition and its results, and I feel sure of my Eskimos. Mr. Whitney will return to America about the middle of October. He has complete knowledge of all the facts. He is at entire liberty to make public all he knows. He is bound to stand up neither for me nor for Peary."

In connection with the proposition that Ahwelah and Etukishuk should be brought to America Dr. Cook said: "The arrival in America of the Eskimos who went with me to the pole depends entirely upon the possibility of

have said on several occasions, all the charges, accusations and expressions of disbelief are based upon entire ignorance of the supplementary data which I possess.

No one who has spoken or written on the subject in opposition to my claims knows the facts with which such work as exploration is measured.

All the criticism has been based upon obvious errors in reproduction of my first dispatch or upon the discussion of petty side issues presented by unfair critics.

The expedition was private. It was started without the usual bombast. Mr. John R. Bradley furnished the money. I shaped the destiny of the venture. For the time being it concerned us only, but the results were so important that on returning I at once placed before the public a report containing the main outline of the work.

I have not come home to enter into arguments with one man or with sixty men, but I am here to present a clear record of a piece of work over which I have a right to display a certain amount of pride. When scientists study the detailed observations of the narrative in their consecutive order I am certain that in the due course of events all will be compelled to admit the truth of my statement. I am perfectly willing to abide by the final verdict on the record by competent judges. That must be the last word in this discussion, and they alone can satisfy me and the public. Furthermore, not only will my report be before you in black and white, but I will also bring to America human witnesses to prove that I have been to the north pole.

FREDERICK A. COOK.

Not even when the melodramatic features of the welcome that was prepared for him gripped the nerves of spectators and brought unbidden tears to many eyes did Dr. Cook appear to be touched. Behind his dancing blue eyes there lies either wonderful power of self control or an innate insensibility to the ordinary emotions. Dr. Cook was hugged, kissed, banqueted, serenaded, decorated and paraded all the day, and at the close he was as seemingly unconscious of the greatness thrust upon him as though he were still climbing over the hummocky ice of the arctic circle.

## SERIOUS FLOODS IN MAINE

Cause Heavy Damage to Property in That State.

Portland, Me., Sept. 30.—One of the worst floods in the history of Northern and Eastern Maine and Western New Brunswick, resulting from the heavy rainfall of the past few days, has already caused great damage in Aroostook, Penobscot, Piscataquis, Somerset and Washington counties in this state.

At many points the swollen rivers continue to rise and cause further destruction. Washouts on railroad lines have interfered greatly with traffic and in some sections trains are at a standstill and a number of cities and towns are cut off from rail communication. One death has been reported due to the flood, that of Charles F. Keefe, a Bangor and Aroostook railroad engineer, who was caught under his engine when his train was derailed by a washout near West Sebos.

Most of the freshest damage thus far has been along the smaller streams. The loss already caused by the carrying away of logs will reach thousands of dollars.

## APPOINTED BY EBERHART

Commission to Take Charge of Johnson Monument Fund.

St. Paul, Sept. 30.—The Johnson memorial monument took a new phase and a fresh impetus was given the work through the appointing of the monument commission by Governor Eberhart.

The selection of the commission means that the work of collecting the funds will speedily become centralized, and that there will be a beginning of the permanent plans which will involve not only the collection of the necessary money but also the further work of deciding upon the monument which will follow.

President C. D. O'Brien of the commission soon will issue the call for the first meeting and will set it at the earliest date which will allow the members from a distance to be present. It is expected that the commission will organize by selecting a secretary and treasurer, and will at once take charge of all funds and assume general direction of the work.

## FARMER KILLS HIS SISTER

Wounds His Brother and Then Commits Suicide.

Woodstock, Conn., Sept. 30.—During a fit of anger, brought on by his failure to get an answer to a telephone call, Constantine Brunn, a well-to-do farmer, shot and instantly killed his sister, Frieda; shot and probably fatally wounded his brother, Dr. A. E. Brunn, a veterinary surgeon, and then committed suicide.

## RESULTS ON THE DIAMOND

### National League.

At St. Louis, 2; Boston, 1.  
At Pittsburgh, 1; New York, 6.

Sheep—Native, \$2.65 to \$4.85; yearlings, \$4.00 to \$6.40; lambs, \$4.25 to \$7.00.

# BANQUET HELD IN NEW YORK

One of the Most Brilliant the Country Has Ever Seen.

## VICE PRESIDENT ATTENDS IT

Governor of New York, Personal Representatives of Rulers of Foreign Lands, Diplomats and Special Delegates Are Present—Speeches of British and German Admirals Had Been Awaited With Much Interest.

New York, Sept. 30.—The vice president of the United States and the governor of New York; the personal representatives of the emperors of Germany and Japan; the diplomatic representatives of twenty-five nations and the special delegates of twenty-eight sat down to tables in the great banquet hall of the Hotel Astor as the official guests of the Hudson-Fulton celebration commission. There were in addition the officers of eight navies and the admirals of four; a representative of the United States senate in the person of Elihu Root, members of the New York state legislature and officers of the municipality of New York. It was one of the most brilliant banquets that the country has ever seen.

The gold lace of rank, the decorations of distinguished service, and the robes of Archbishop Farley of the Roman Catholic church, who pronounced the invocation, made the room sparkle with color.

Upstairs the balconies were filled with handsomely gowned women.

At the speakers' table were Jonkheer J. Loudon, minister from The Netherlands; Grand Admiral von Koester, personal representative of the kaiser; Admiral of the Fleet Sir Edward Seymour; his imperial highness, Prince Kuni of Japan; Centre Admiral Lepord of the French fleet; Vice President Sherman; Governor Hughes, Senator Root and Justice Brewer of the United States supreme court.

## Cook and Peary Mentioned.

Dr. Cook and Commander Peary found mention in the speech of Vice President Sherman, who rejoiced that an American—"it matters not who"—had followed Hudson's index finger to the pole.

Mayor McClellan, looking about him on the cosmopolitan character of the banquet hall, said:

"Every gathering such as this helps to a better understanding among the peoples of the earth."

The speeches of Admirals von Koester and Seymour had been awaited with much interest in view of the recent utterances in this country of Lord Northcliffe on the possibility of war between Germany and Great Britain, but after complimenting the American navy, both breathed only peace.

Despite the counter attractions offered by the aeroplane and balloon flights and by the international regatta in progress at the anchorage of the assembled fleets, there were large crowds at the more formal events. More than 500,000 children attended commemorative and historical exercises in the schools and 400,000 persons saw Tuesday's historical parade repeated in the Bronx for the benefit of dwellers in the upper part of New York city.

The day was described in the official programme as "educational day" and was fully observed.

Several tablets and monuments were dedicated at points of historical interest by patriotic societies.

## ALL RECORDS ARE BROKEN

Automobile Racers Make Fast Time at Riverhead, L. I.

Riverhead, L. I., Sept. 30.—The smashing of every existing American record for automobile racing on the open road and a spill which cost the life of Mechanician James Bates and serious injury to Herbert Lytle, a well known racing driver, marked the running of the Long Island Automobile derby. The event was a stock car sweepstakes and was run over twenty-two miles of hitherto untrod road at the eastern extremity of Long Island, between Riverhead and Mattituck.

The casualties were caused by the skidding of the Apperson car driven by Lytle as it neared an easy bend in the road, two miles west of Mattituck. Lytle and Bates had completed less than two-thirds of the first lap when their 60-horsepower machine, tearing down a slight declivity at a rate of sixty-five miles an hour, lurched to one side and overturned in deep sand.

Lytle shot clear of the car and landed twenty feet away on his back. Bates clung to the machine and was crushed under it as it turned turtle. Both men were unconscious when picked up. Bates did not regain consciousness and died an hour later. Lytle may recover.

## Corn Crop Destroyed.

Mexico City, Sept. 30.—Unprecedented cold weather in the valleys in the vicinity of this city has destroyed the corn crops. It is estimated that the loss will reach \$20,000,000.
